* Other Short term Liabilities represents Borrowings maturing with one Year

(v) Institutional set-up for liquidity risk management:

The Board of Directors of the Company has an overall responsibility and oversight for the management of all the risks, including liquidity risk, to which the Company is exposed to in the course of conducting its business. The Board approves the governance structure, policies, strategy and the risk limits for the management of liquidity risk.

The Board of Directors approved the constitution of the Risk Management Committee (RMC) for the effective supervision, evaluation, monitoring and review of various aspects and types of risks, including liquidity risk, faced by the Company. The meetings of RMC (Board) are held at quarterly interval and more frequently as warranted from time to time. Further, the Board of Directors also approves constitution of Asset Liability Committee (ALCO), which functions as the strategic decision-making body for the asset-liability management of the Company from risk return perspective and within the risk appetite approved by the Board.

The main objective of ALCO is to assist the Board and RMC in effective discharge of the responsibilities of asset-liability management, market risk management, liquidity and interest rate risk management and also to ensure adherence to risk tolerance/limits set up by the Board. ALCO provides guidance and directions in terms of interest rate, liquidity, funding sources, and investment of surplus funds. ALCO meetings are held once in a month. The minutes of ALCO meetings are placed before the RMC in its next meeting for its perusal/approval/ratification.
